2008 Best Crowd / Ambiance Shot – Brendan McMullen

Roller derby is a dynamic and photogenic sport, and the Gotham Girls play it harder, faster, and flashier than anyone else.

The action-packed 2009 campaign promises even more opportunities for memorable sports photography.

2008's winning photographs have been featured in the Gotham Girls' on-line photo albums, at the season-ending awards ceremony, in the 2009 Season Program, and in other league materials.

All photos taken at 2009 GGRD home or away bouts are eligible.

2008 Best Pack Action – Peter Marney

Entries due October 24, 2009.

The finalists in each category will be displayed at the GGRD finals (November 21), with the winners to be announced at the 2009 Awards Ceremony (to be scheduled). Schedule of 2009 home bouts is posted at www.gothamgirlsrollerderby.com/events

Each photographer please limit entries to three per category.

Upload photographs in high-res digital format (preferably 300dpi at 12" x 18") to <ftp://www.gothamgirlsrollerderby.com>

After upload, please notify the league to pick up entries by sending an e-mail to photocontest@gothamgirlsrollerderby.com. Direct any other queries to this address.

Only photographers cleared by GGRD's public relations department may access certain areas of the bout venue, including parts of floor space nearest to skating action prior to and during bouts. Photographers using telephoto lenses from the stands also require photography clearance. For inquiries about photography clearance write press@gothamgirlsrollerderby.com. Added restrictions may apply at events hosted by other leagues and clearance must be gained directly from those host leagues.

This contest does not determine which photographers are selected to serve the league at regional or national tournaments or for any other specific opportunities.

Gotham Girls Roller Derby reserves the right to publish submitted pictures, with photographer attribution, for general league promotional purposes only. Photographers otherwise reserve all rights for their photographs.
